

BAZZ

G19141BK

Solar Garden Light

Lighting source

Integrated LED
0.7W - 70 lumens - $\pm 6000K$

Structure finish

Black

Dimensions

$\varnothing 106 \times 618.5$ mm Max.
 $\varnothing 4 \frac{1}{8} \times 24 \frac{3}{8}$ Max.

Features

- Solar photovoltaic lighting, no wiring, low voltage, safe, energy and electricity saving, environmentally-friendly.
- Solar panel, high conversion efficiency, good water-proofness.
- Built-in 1500mAh Lithium battery, long working time.
- Super bright light source, high CRI, long lifespan.
- Photosensitive control+PIR sensing modes, automatic smart control, charge during the day, and discharge at night. When motion is detected at night, automatically enter into bright light mode, when there is no movement, after 22 seconds, it will automatically convert to low light mode.
- ABS structure, UV-resistant, anti-corrosion, IP65 rating.
- 3-section connecting pipe design allows flexible installation height selection.
